UA Lands Team Attends Southeast Conference

Elaine Main, UA Land Business Manager, was able to attend the 2019 Mid-Session Summit in Juneau from February 12-13. Southeast Conference exists to undertake and support activities that promote strong economies, healthy communities and a quality environment in Southeast Alaska.

to see and hear Haines Mayor, Jan Hill introduce speakers during one of the sessions. I

heli-skiing in reference to how Alaska needs to take tourism from just summer months

The conference covers a wide-range of topics that concern both the Haines community and the University of Alaska, as a significant land-owner in Southeast Alaska. This includes forest management, biomass, UA scholarships, transportation issues and carbon credits to name a few.

Elaine attended a presentation by Se balanced land management and how they have been able to develop a significant carbon project. She also attended a talk given by Brian Kleinhenz on Forest Carbon Offsets.
